City of the Village of Clarkston Summary of the Bisio v City of the Village of Clarkston Lawsuit

On March 31, 2021 the City of the Village of Clarkston signed a settlement agreement for a Freedom of Information Act (FOIA) lawsuit, ending a 5-year litigation. With the case now closed, the City would like to take this opportunity to summarize the case and address some often-asked questions.

Background

In June 2015, resident Susan Bisio filed a FOIA request with the City of the Village of Clarkston, seeking public records pertaining to city business, including correspondence between Clarkston's City Attorney and others regarding proposed real estate developments in the city. The City provided a large volume of documents, but 18 emails in the possession of the City Attorney were not, on the basis that the emails were not considered public records because they were never in the possession of the City or used in the performance of an official function. In December 2015, resident Susan Bisio, represented by husband/attorney Richard Bisio, filed suit against the City, asking that the 18 emails be released as public records.

In October 2016, Oakland County Trial Court Judge Leo Bowman ruled that the documents at issue were not public records because there was no evidence showing that the City had used or retained them in the performance of an official function. In 2018 the Bisio's appealed the decision to the Michigan Court of Appeals where judges P.J. Beckering, M.J. Kelly and J.J. Obrien affirmed the Trial Court's ruling, stating that the City Attorney was an agent of the City and not a Public Body, therefore documents only in his possession were not subject to the FOIA request. In 2019, the Bisio's appealed the matter to the Michigan Supreme Court.

The Michigan Freedom of Information Act defines Public Records as "a writing prepared, owned, used, in the possession of, or retained by a public body in the performance of an official function, from the time it is created." The Act includes various references to "public body", but none suggest that a contract City Attorney is one, a point agreed to by both the City and the Bisio's. However, in January 2020, the Michigan Press Association (MPA) submitted a Press Amici to the Supreme Court, arguing that the *Office of the City Attorney*, even though one does not physically exist, is part of the Public Body and that documents utilized in the performance of his official functions must be considered subject to FOIA requests.

In July 2020, the Michigan Supreme Court, largely echoing the MPA's Press Amici, ruled in favor of Ms. Bisio, stating that Clarkston's contract City Attorney is, in fact, an agent of the public body and, as such, any written communications while representing the City are subject to disclosure under FOIA. In October 2020, the requested 18 emails were released to the Bisio's and discussions were initiated regarding fees or costs they may have incurred. In December 2020 the City hired attorney Mark Peyser of the firm Howard and Howard to assist the City in reaching a settlement pertaining to the Bisio's request for \$319,000 in attorney fees. Mark is credited with facilitating discussions between the Bisio's, the City, the City's insurer, the Michigan Municipal League and the City Attorney's insurer. On March 31st a Settlement Agreement was signed and total payment of \$160,000 was issued to Richard Bisio's Law Firm, Kemp Klein. The City's portion of the \$160,000 was negotiated to be just \$35,000.

Frequently Asked Questions

- 1. Why did the City withhold the 18 emails? The City followed the FOIA guidelines that state that only documents that are in the possession of the City Office or used in the performance of an official function must be disclosed. The 18 emails were never in the City Office and never used in the performance of an official function. The Trial Court and Court of Appeals agreed with our interpretation of the guidelines. The Supreme Court's ruling that the possession clause should include the contract City Attorney represents a new interpretation of the guidelines.
- 2. What information was included in the 18 emails? The emails contained communication between the City Attorney, the City Engineer and private attorneys pertaining to potential real estate development in the City. The documents are now public record to anyone wishing to see them.
- 3. Will the City have to pay the full \$160,000 settlement amount? No, of the total \$160,000 payment, the City will pay \$35,000 from the City's Fund Balance reserve. The remaining \$125,000 will be paid by the City's insurer, the Michigan Municipal League, and the City Attorney's insurer.
- 4. Why did the City hire a separate attorney, Mark Peyser, to complete the settlement? The risk of having to pay the full \$319,000 in attorney fees being requested by the Bisio's was simply too high. The City Council felt that an attorney experienced in settlement facilitation and unconnected to the 5-year case was a must. Of particular concern was the fact that the City's insurer, the Michigan Municipal League, had issued a Reservation of Rights letter to the City stating that attorney fees from the prevailing party will not be covered under the policy unless damages or costs are also awarded. In the end, Mark was instrumental in reducing the City's potential obligation from \$319,000 to just \$35,000. Even after accounting for Mark's fees, hiring him was absolutely the right decision for the City and its taxpayers.
- 5. In retrospect, what should have the City done differently? What will be done differently going forward? The City always has and always will fully support the Freedom of Information Act. The fact that 18 emails were withheld from the hundreds of documents provided was not because the City had something to hide, but because the FOIA guidelines as we understood them and many other communities in Michigan understood them indicated the documents not in the City's possession or not used in the performance of an official function were not subject to disclosure. The Supreme Court's decision, closely mirroring the recommendation of the Michigan Press Association, is a new interpretation that Clarkston and all of Michigan will need to recalibrate to.

Conclusion

The City of the Village of Clarkston understands and fully respects the importance of the Freedom of Information Act. We also fully respect the ruling of the Michigan Supreme Court and their decision that Susan Bisio is the prevailing party. The lawsuit has been a significant focus for the City for the last five years and we are anxious to return our focus to the operations and protection of our beautiful and historic Village, especially in these difficult times. Of equal importance will be our mission to ensure government transparency. Residents or members of the public that have questions about City operations are strongly encouraged to visit or contact the City office, where the staff will openly share all available information on any topic. City Council meetings on the 2nd and 4th Mondays of every month are another opportunity for anybody wishing to speak on a topic or ask a question.

To: All Clarkston Sanitary Sewer Customers

Subject: Sewer Line Repair Costs

Clarkston Residents and Business Owners,

The **Oakland-Macomb Interceptor Drain (OMID)** is a 20-mile long sanitary sewer line that carries sewage from residents and businesses in Oakland and Macomb county to the Northeast Sewage Pumping Station in Detroit. OMID is a critical component of the Great Lakes Water Authority's sewage disposal system. In June 2020, the City was notified of a required \$84M repair of the OMID. The City's share of this repair bill has been confirmed to be \$98,921.

The City maintains a Sewer Fund which provides a buffer between inbound and outbound sewer payments as well as a surplus to cover minor sewer repair costs. In November 2020 the City paid the \$98,921 OMID charges from the Sewer Fund. However, after making that payment, less than \$60K remains in the fund, which is insufficient for ongoing operations. Therefore, it will be necessary to recoup the OMID repair charges from our sewer customers.

In their February 8, 2021 meeting, our City Council accepted a recommendation from the Finance Committee to recoup the \$98,921 charges from our Sewer customers proportionately based on the number of Residential Equivalent Units (REU) of each customer, as follows:

\$98,921 Expense / 563 City-wide REUs = \$175.70 per REU

To lessen the financial burden of this charge, Council approved a four-payment plan of \$43.93 per quarter per REU. Therefore, **please be aware that your next four quarterly sewer bills - May 1**st, **August 1**st, **November 1**st **and February 1**st **- will be increased by** <u>\$43.93</u>. A typical residential customer with one REU who normally pays \$117.42 will instead pay \$161.35 for the next four quarterly cycles.

A related question that is often asked is, "I heard that the City borrowed from the Sewer Fund to pay for the City Hall renovation and expansion, is it because of this borrowing that the City needs to recoup the OMID repair costs from the residents?". Initially, the City did borrow from both the Water Fund (66%) and Sewer Fund (33%) as a low cost way of funding the City Hall renovation, but the City has since restructured the loan to be 100% from the Water Fund and made the Sewer Fund whole once again. So no, the decision to recover the OMID cost from residents is not related in any way to the City Hall renovation/expansion. Lastly, I would like to take this opportunity to inform you that the City was recently informed by the Oakland County Water Resource Commission that Sewage Disposal rates will be increasing 2%-6% effective July 1st. It is too early to say specifically how much our rates will change, but it is certain that some increase will be necessary. The City has not increased its Sewer rate since July 2016.

Thank you and, as always, feel free to contact me at any time with any questions or concerns you may have.

Respectfully,

Jonathan Smith

5. Public Comments:

Chet Pardee in reference to the Bisio v Clarkston lawsuit asked who is managing the lawyers and what role is the council playing in what the city's lawyers have decided to file. Have the City officials read the public filings? He goes on to ask if James Tamm is still active on the case and estimates that the City's MML representation costs paid by the citizens is more than a half million dollars. The City's approval of \$14k was for facilitation involvement by Atty Peyser. Now I read that Atty Peyser DID NOT participate in the facilitation per his email. Is this true? Council will review Atty Peyser's February invoice tonight confirming his costs have significantly exceeded what council had approved, once again violating Michigan budget laws. How accurate will tonight's budget amendment be? The public fillings show there was an agreement in facilitation that Susan Bisio was willing to accept less than one-half of Bisio legal costs: \$160,000. This was also less than one-half of Mr. Tamm's estimate per Jonathan's acknowledgment in the June 2020 budget approval council meeting. And the filings indicate that the \$35,000 approved and paid by the city is the City's share. How can the insurance companies participate now that the settlement has been withdrawn? Had the insurance companies required the stipulations by Atty. Peyser? Atty. Peyser added requirements that make no sense. Seemingly, requiring the Bisio's to agree that the City did no harm and Susan Bisio's FOIA suit never existed.

Atty Tom Ryan asked to reply to Chet Pardee's comments. The City has hired Mr. Peyser as outside council to handle the Bisio facilitation due to Ryan's conflict in the matter. Mr Peyser has advised the City that there will be a settlement in the case however none have been finalized as it has not been signed by both parties as of yet. They are still working on some of the terms of the settlement as is common. As far as the Council overseeing the Attorneys, the Attorneys are doing their jobs as in Mr Tamm and Mr Peyser, they had filled a motion on the City's behalf to enforce the settlement agreement based on facilitation. It has not been entered and finalized as of yet but hopeful it will be in the near future.

In regards to another lawyer participating with the same Surname, Ryan was not sure what Chet was referring to. As far as the MML representation cost paid by the citizens is one-half million dollars, Ryan states he does not know the cost but that is why we have insurance. The MML has covered all of Mr Tamms legal costs, it has not been paid by the citizens, the insurance company is covering cost on behalf of the city. Atty Mark Peyser was involved in the facilitation and the initial \$14,000 was to bring him up to speed on everything. No one knew what the total budget would be for his involvement. No money is spent without City Council approval of the the budget amendment.

Ryan goes on to state that it is inaccurate that the settlement was withdrawn. There has been no inappropriate statements or clauses made by Peyser. Peyser received another draft of the settlement today and hopefully the matter will be resolved soon. We don't have a settlement agreement signed by everyone as of tonight. We have been working on it since early February.

- 7. City Manager Report
- 8. Motion Acceptance Of The Consent Agenda As Presented

Motion by Luginski Second by Casey to approve the Consent Agenda as presented. Haven, Bonser, Casey, Kneisc, Lugingski, Wylie - Yes Motion carries.

Chet Pardee stated that as Council approves the consent agenda they are once again violating Michigan Budget Law. Peyser's February invoice exceeds the dollar amount previously approved by Council. Wylie asked that this issue be moved out of the consent agenda as it is on the agenda to approve later today. Smith said that it doesn't violate the overall dept budget which is not overdrawn by make this payment. He agreed that the original \$14,000.00 estimate was established before the City knew how much was involved. There are many aspects of the case that are still ongoing. The costs are higher than originally planned but there is still money left in the budget for attorney fees.

9. Old Business

9.a. Discussion/Motion Short Term Rentals

Haven Stated that Avery isn't present and there is a desire on Council's part to have all members present before taking action on short term rentals. Smith stated that they may need to table the decision again so that there can be discussion and approval with the full Council. Resident and Short Term Rental owner Theresa Fabrizio was aware earlier in the day that this item would be pushed to a later date. She was under the impression that the discussion wouldn't happen until all Council members were present. She had a few people lined up to speak on her behalf and it is frustrating as she wants them to have the opportunity to talk. Commission Chair Rich Little commented that in Oct/Nov of 2019 the Council discussed short term rentals and asked PC to look at issue on whether to regulate or ban them. PC researched many examples of regulating and banning and came back to Council in Jan/Feb of 2020 with a list of recommendations of regulations if that is the way Council was leaning. Discussion lead to possibly banning them. In April 2020 Tom Ryan stated that there was some action in the Supreme Court regarding short term rentals so PC decided they should wait for the Supreme Court decision was issued to see if it effect local control. It has been tabled a couple of times and Council has stated that they would like every Council member to be present when voting on the short term rentals.

Motion by Casey second by Wylie to table the decision. Haven, Casey, Kneisc, Luginski Wylie - Yes Avery- Absent Bonser- Recused.

9.b. Discussion: In Person Meetings

City Manager Jonathan Smith stated there has been a lot of effort and discussion recently about the ability to continue in person meetings. Senate Bill 207 was proposed to allow the continuation of the no reason virtual meetings but it expires on March 31st 2021. It is not likely that Bill 207 will be extended as the Senate will be on a 2 week spring break. As of right now the April 12th Council meeting will be in

person unless a local State of Emergency is declared. To adhere to the 6 foot social distancing guidelines our conference room would only be able to hold 16 people with 7 council members and 3 staff members that would only allow 6 members of the public to attend any other would have to be turned away and that would be a violation of the Open Meetings Act. Kneisc and Luginski suggested looking at other venues like the Methodist Church or Library. Wiley recalled that Monday wasn't a good day with the Library and using the Methodist Church would create an extra burden of cleaning and sanitizing after the meeting. Wylie is in favor of continuing virtual meetings by declaring a state of emergency so the council has the flexibility. Rich Little (PC Chair) ask that Smith keep PC and HDC in mind as this will effect their meetings as well. Tom Ryan suggested that the council schedule a meeting for Tuesday, March 30th to give Smith time to look for different locations to hold meetings and that maybe legislature will enact Senate Bill 207 and push things to June 30th.

Motion by Haven Second by Wylie to set up a meeting for March 30th to discuss the need for any further action relative to virtual meetings. Haven, Bonser, Casey, Kneisc, Lugingski, Wylie - Yes

10. New Business

10.a. Discussion: American Rescue Plan Status

Along with slides giving Council an idea of what the American Rescue Plan was all about Smith explained that the American Rescue Plan (ARP) includes significant funds for local municipalities for the first time. Michigan will get \$10.3 billion and from there it breaks down to what the State, Counties and local Municipalities will keep. The City of Clarkston is projected to receive \$90,938.00. The projection is broken down at \$105 per person for the census counts. Smith believes there is 866 residents, multiplied by \$105 brings you to \$90,938.00. This is an early estimate and subject to change. The total amount will come in two traunches. 90 days from now we will receive the first half and the other half will be paid approximately 12 months later. There are four categories in which this money can be used. 1. COVID related public health emergencies and the negative impact on local households, small businesses, nonprofits, etc. 2. Essential workers that have had or will have additional expenses because of COVID. 3. Replenishing lost revenue. For example the City lost approximately \$100,000.00 by closing down the paid parking. 4. Infrastructure funding but only relating to water, sewer or broadband. There are more details to come on this. Treasury is responsible for putting together the details regarding what can and can't qualify as an approved expense before we receive the money and we have until Dec 31, 2024 to use the funds.

10.b. Resolution: Budget Amendment

Motion by Bonser Second by Casey to authorize the City Treasurer to complete a budget amendment in the amount of \$20,320.00. \$320.00 to cover an overdraft of the election supplies and \$20,000.00 to be added to the legal fees account. Haven, Bonser, Casey, Kneisc, Luginski, Wylie - Yes Motion Carries.

10.c. Discussion: FODP Report Jim Brueck provided a status update from the FODP Committee.

10.d. Motion: Agenda Amendment Motion by Haven Second by Bonser to amend the agenda to include a Resolution for Depot Park Gazebo Repairs. Haven, Bonser, Casey, Kneisc, Lugingski, Wylie - Yes Motion carries.

10.e. Resolution: Depot Park Gazebo Repair Motion by Casey Second by Luginski to authorize the City Manager to spend up to \$4000.00 for materials to repair the Depot Park Gazebo. Haven, Bonser, Casey, Kneisc, Lugingski, Wylie - Yes Motion carries.

Smith stated that he was having trouble starting the recording of this open session portion of the meeting. He went on to notate that the recording started in enough time to capture the vote on the Bisio Lawsuit Agreement but not Chet Pardees comments asking why the full agreement was not shown. The answer to that is because the agreement has not been fully excepted by all parties involved. At some point it will be but as of right now we do not know the exact date of when that will be. Chet acknowledge the question and answer for the record.

Respectfully Submitted by Jennifer Speagle, City Clerk.

DRAFT-City of the Village of Clarkston

Adopted Policy Relative to The Review and Granting of Poverty Exemptions by the City of the Village of Clarkston Board of Review

WHEREAS, Public Act 253 of 2020, which amended Section 7u of Act No. 206 of the Public Acts of 1893, as amended by Act No. 313 of the Public Acts of 1993, being sections 211.7u of the Michigan Compiled Laws, requires that the governing body of the local assessing unit determine and make available to the public the policy and guidelines used by the Board of Review in granting reductions in property assessments due to limited income and assets, referred to as "Poverty Exemptions."

NOW THEREFORE, BE IT RESOLVED that in order to be eligible for poverty exemption in the City of the Village of Clarkston, a person shall do all of the following on an annual basis:

- 1. Be an owner of and occupy as a principal residence the property for which an exemption is requested.
- The subject property must be classified as an "improved single family residential" or "residential condominium" property with a valid Homeowner's Principal Residence Exemption currently in effect.
- 3. Submit a completed Poverty Exemption Application Form 5737, which can be obtained from the city office or Oakland County Equalization.
- 4. Submit the most recent year's copies of the following for all persons residing in the homestead:
 - a. Federal Income Tax Return-1040, 1040A or 1040E
 - b. Michigan Income Tax Return-MI1040, MI1040A or MI1040EZ.
 - c. Senior Citizens Homestead Property Tax Form MI-1040CR-1 or General Homestead Property Tax Claim MI-1040CR-4.
 - d. Statement from Social Security Administration and/or Michigan Social Services as to moneys paid to you during previous year (including a signed Form 4988).
 - e. Produce a valid driver's license or Michigan State Identification card for all persons residing in the household.
 - f. Produce a deed, land contract or other evidence of ownership of the property if the board requests it.

BE IT FURTHER RESOLVED that the applicant's total household income cannot exceed the most current Federal Poverty Guidelines from the prior tax year set

forth by the U.S. Department of Health and Human Services as established by the State Tax Commission-to be updated annually.

BE IT FURTHER RESOLVED that the total value of the assets of the applicant and each member of the applicant's household shall not exceed \$50,000. Excluding the property for which the exemption is requested and the principal vehicle BUT including all other property; including from all other persons residing in the household. Property shall include, but is not limited to: cash, savings, stocks, mutual funds, certificates of deposit, insurance commodities, coin collections, boats, jewelry, art, motor vehicles, recreation vehicles, second homes, cottages or any other saleable real property or other tangible items.

BE IT FURTHER RESOLVED that a hardship exemption shall not be granted to an applicant with cash on deposit in excess of the proposed tax obligation for the ensuing year unless the applicant can show evidence that the cash is subject to a legitimate cost of living expense.

BE IT FURTHER RESOLVED that for applicants meeting the income level and asset test guidelines, the Board may approve a partial or full exemption if deemed appropriate. Those applicants granted partial or full exemption will be required to pay a property tax based on a twenty-five (25%), fifty (50%) or one hundred percent (100%) reduction in taxable value for the tax year in which the exemption is granted.

BE IT FURTHER RESOLVED that a hardship exemption shall not be granted to an applicant whose investments will produce an income, which when added to the applicant's household income exceeds the federal poverty guidelines.

BE IT FURTHER RESOLVED a hardship exemption shall not be granted to any applicant who owns real property whether singly or jointly, regardless of location, other than his or her homestead.

BE IT FURTHER RESOLVED that any reduction in the State Equalized Value of a property is granted for one year only and must be applied for and reviewed annually.

BE IT FURTHER RESOLVED that the application for an exemption shall be filed after January 1, but one day prior to the last day of the Board of Review.

BE IT FURTHER RESOLVED that the filing of this application constitutes an appearance before the Board of Review for the purpose of preserving the right of appeal to the Michigan Tax Tribunal.

BE IT FURTHER RESOLVED that a person filing a poverty exemption claim is not prohibited from also appealing the assessment on the property for which that claim is made before the March Board of Review in the same year.

BE IT FURTHER RESOLVED that in order to ease the burden on taxpayers, the assessor and the Board of Review, and to ensure that all taxpayers have an equal opportunity to be heard by the Board of Review, the City of the Village of Clarkston hereby resolves, according to provisions of MCL 211.30(8) of the General Property Tax Act, that the Board of Review shall receive letters of protest regarding assessments from resident taxpayers from the first Tuesday in March until it adjourns from the public hearings for which it meets to hear such protests. All notices of assessment change and all advertisements of Board of Review meetings are to include a statement that the resident taxpayers may protest by letter to the Board.

BE IT FURTHER RESOLVED that to conform with the provisions, PA 253 of 2020, this resolution is hereby given immediate effect and will stay in effect for subsequent years until amended or voided.
